OFFICE OF THE BOARD OF COMMISSIONERS OF SAVINGS BANKS,
ROOM 124, STATE HOUSE, BOSTON, Feb. 7, 1900.

To the Honorable the Senate and House of Representatives in General Court assembled.

The Board of Commissioners of Savings Banks has the honor to present herewith Part II. of the twenty-fourth annual report of the Board, showing the condition at close of business, Oct. 31, 1899, of

125 co-operative banks with assets of . . .	\$26,744,647	30
3 collateral loan companies with assets of . . .	744,260	61
1 mortgage loan company in liquidation.		
1 mortgage loan company in hands of receiver.		

CO-OPERATIVE BANKS.

The number of these institutions has been increased during the past year by the addition of the

Highland Co-operative Bank,

which commenced business Feb. 27, 1899; this bank is located in that part of Boston known as the Roxbury district.

BUSINESS OF THE YEAR.

During the year ending Oct. 31, 1899, the banks have received \$6,299,699.50 for monthly dues; \$1,428,256.07 for interest, \$45,468.68 for premiums and \$49,554.56 for fines.

During the same period there has been returned to members \$2,902,205 for dues on shares withdrawn, \$57,746 for dues on shares forfeited, \$1,923,524 for dues on shares retired and \$640,994 for dues on shares matured, — a total of \$5,524,469, which sum represents amounts which the members had actually

paid into the banks from time to time on monthly instalments of dues.

In addition to the above sums, there was paid to members \$285,181.63 as profits on shares matured, \$506,141.27 as profits on shares retired, and those members whose shares were withdrawn or forfeited had been credited with \$452,951.49 in profits on shares withdrawn and \$8,672.17 in profits on shares forfeited; these amounts, aggregating \$1,252,946.56, represent the earnings of the dues eliminated.

The total number of shares issued during the year was 131,040, and the number eliminated was divided as follows:—

Shares withdrawn,	86,481
Shares forfeited,	2,772
Shares retired,	22,103
Shares matured,	4,569
	115,925
Total,	115,925
The net increase during the year being	15,115

The total number of shares in force Oct. 31, 1899, was 530,589; these shares are distributed among 68,349 holders, who are liable for a monthly payment of \$1 per share upon each share held by them; this involves an aggregate saving of \$530,589 each month, or of \$6,367,068 annually.

The number of shares pledged for loans is 153,276, as against 149,181 on Oct. 31, 1898.

A comparison of the above statement with a similar statement in our last report shows an increase of \$119,273.52 in dues received and of \$259,400 in dues charged out.

Receipts for interest and premiums were \$4,714.32 in excess of the sum received in the year preceding.

The sum credited to real estate loans repaid is \$318,205.68 more than the same item last year, and the sums charged out for such loans is \$208,791.89 less than in the year previous.

In this connection it should be remembered that the item of real estate loans repaid, as also the disbursements for loans made, are both increased, owing to the fact that when the interest rate on a loan is decreased by a repurchase of the money the amount is credited as a loan repaid at the old rate and debited as a new loan at the new rate.

The amount disbursed for share loans is \$52,225.05 more than in the year previous; the amount of such loans repaid was \$1,547.61 less than in the previous year.

The sum disbursed for expenses, say \$128,987.52, exceeds the amount disbursed during the year preceding in the sum of \$3,221.27; the ratio of expenses to dues is $\frac{585}{1000}$ of one per cent., and of expenses to assets $\frac{482}{1000}$ of one per cent.

SHARES MATURED.

During the past year 49 banks have matured shares, to the extent in all of 4,569 in number.

The average time required to reach maturity was $139\frac{8}{10}$ months, the average the year preceding being $139\frac{3}{10}$ months.

The amount of real estate loans cancelled by the maturity of shares is returned as \$212,425, as against \$136,000 thus returned the previous year; this is a very pleasing exhibit, illustrating as it does the practical working of the plan of co-operative banking, by which the payment each and every month of a small sum, even if required to be made for a period of nearly twelve years, results in the cancellation during the past year of an indebtedness of almost a quarter of a million of dollars in this Commonwealth alone.

The following table gives the names of those banks in which shares have reached maturity during the year, the number of months in each case the shares have been in force, with other facts of interest connected with such maturity:—

SHARES RETIRED.

The number of shares retired during the year, say 22,103, is considerably in excess of the number retired in the previous year, 20,694, and is in part owing, no doubt, to the inability of the banks to readily loan their monthly receipts.

While complaint unquestionably sometimes arises on the part of those whose shares are retired, the wisdom of the statute which not only permits, but requires in certain cases, the retirement of shares, is every year made more manifest; such complaints would be partially obviated if the banks in which they occur would limit the issue of shares to such a number as would only call for monthly payments sufficient to meet demands for loans.

Neglect on the part of a few banks to retire shares in exact accordance with the statute is again noticed, but as upon investigation there did not appear to be wilful non-compliance with the law, no action has been taken by the Board other than to call attention of the proper officers of the banks thereto, and to request an immediate correction of the omission.

A comparison of the foregoing statement with a similar one in the report for 1898 reveals an increase —

In dues capital of	\$788,656 50
In profits capital of	113,412 07
A total of	\$902,068 57

This comparatively small increase in the working capital of the banks is readily explained by the facts stated on a previous page, that, while nearly \$6,300,000 has been received for dues paid in during the year, over \$5,500,000 has been charged out in the elimination of shares.

During the year the sum of \$1,366,888.40 has been credited to profits capital, while in addition to \$791,322.90 paid out on shares retired and matured, the sum of \$461,623.66 has been charged out on account of shares withdrawn and forfeited.

Guaranty fund and surplus accounts, amounting to a total of \$424,301.72, show an increase of \$42,469.50 over the total in October, 1898.

Loans on real estate show an increase of \$444,830.18 and loans on shares an increase of \$100,330.95 over the amounts outstanding on Oct. 31, 1898. The amount of increase in loans is \$356,907.44 less than the increase in working capital; this is accounted for in part by the increase in the item of cash on hand, which is \$253,054.88 in excess of the sum held on Oct. 31, 1898.

Of the cash on hand, the sum of \$23,898.36 is due for shares matured and retired and \$4,166.70 is due to borrowers; in addition to these amounts, the sum of \$220,580.98 is reported as sold, leaving uninvested \$775,815.92; as compared with the returns of Oct. 31, 1898, this shows an increase of \$222,834.74.

The items of unpaid interest and premiums show an increase of \$5,801.77 over the sum given in the previous report, and now amount to \$135,804.57; while the combined surplus of the banks is considerably in excess of this amount, in the case of some banks the aggregate of these items exceeds the amount of both their surplus and guaranty fund accounts. This large sum, \$135,800, carried as an asset, the value of which is liable to be more or less in doubt, is an element in the business of the banks which should receive close scrutiny, inasmuch as it is customary, when making a division of profits, to treat the items of interest and premiums unpaid, as well as paid, as earnings on which to base dividends.

As long as a bank is able under this system to pay fair dividends, and carry to the credit of surplus account an amount sufficient to cover any loss which may occur from inability to collect a portion of such overdue amounts, no harm is likely to arise; but in some instances, even without making such an allowance, banks have had to draw upon their surplus to a small amount to keep up uniformity in their dividends. Under the circumstances named, it seems to this Board that some statutory provision might be made to limit the use of these items in such way as would secure the banks from any difficulty that may ultimately arise in consequence of the practice heretofore prevailing.

INVESTMENTS IN BONDS.

In our last report we expressed the hope that those banks which had purchased bonds at more or less premium, if a demand from borrowers for the money so invested did not arise, would sell the bonds and use the proceeds to retire shares; but this suggestion has not generally been adopted, one bank only having reduced its holdings, — in fact, the bank which last year held the largest amount in bonds has increased its holdings during the past year.

Transactions which have occurred during the year have convinced this Board that the holding of such investments is injurious to the best interests of those who are using the banks in order to procure homes, and tends to undermine the legitimate purpose for which co-operative banks were established.

The reports of the banks printed herewith discloses the fact that in two instances banks, having money for which there was not a demand from borrowers, have made loans on notes secured by a pledge of municipal bonds as collateral for a short time, intending, if demand for the money should not arise, to use the amount in the retirement of shares; this course, it is expected, will also be adopted by those banks which hold short-time town notes. Such transactions do not seem objectionable, but we believe that some legislation in the direction of limiting the investments in bonds should be adopted for the best interest of the system and of those for whose benefit it was established.

The banks which have investments in bonds are as follows: —

Haverhill, amount,	. . .	\$61,000 ; value on books,	\$61,000 00
Marblehead, amount,	. . .	2,000 ; value on books,	2,069 31
Somerville, amount,	. . .	20,000 ; value on books,	21,620 00

Those banks which hold town notes are: —

Athol, amount,	\$1,250 00
Marlborough, amount,	5,000 00
North Dighton, amount,	2,000 00

And the following have loans on municipal bonds: —

West Roxbury, amount,	\$15,000 00
Winchester, amount,	7,500 00

The total of all these items being \$115,439.31.

INTEREST ON LOANS.

Under the present form of returns we are able for the fourth time to compile a table showing the rates of interest the banks are receiving on loans outstanding Oct. 31, 1899. The amounts loaned at each particular rate are given for both the past and the preceding year.

	1898.	1899.
Loaned at 5 per cent.,	\$2,545,606 35	\$5,719,489 40
Loaned between 5 and 6 per cent.,	961,281 94	1,862,004 30
Loaned at 6 per cent.,	6,585,863 65	5,622,605 06
Loaned between 6 and $6\frac{3}{4}$ per cent.,	1,159,978 65	917,495 72
Loaned at $6\frac{3}{4}$ (=5 cents premium),	9,154,052 69	7,847,076 34
Loaned between $6\frac{3}{4}$ and 7 per cent.,	2,988,481 66	2,119,225 25
Loaned at 7 per cent.,	31,740 00	19,740 00
Loaned between 7 and 8 per cent.,	372,479 64	252,229 64
Loaned at 8 per cent.,	2,100 00	730 00
Loaned at over 8 per cent.,	33,175 00	19,325 00
	<hr/>	<hr/>
Totals,	\$23,834,759 58	\$24,379,920 71

The above table discloses the fact that while in 1898 the loans at $6\frac{3}{4}$ per cent. (the equivalent of 6 per cent. interest and 5 cents premium) and less, amounted to \$20,406,783, in 1899 they amounted to \$21,968,670; the loans at rates in excess of $6\frac{3}{4}$, which in 1898 amounted to \$3,427,976, were in 1899 but \$2,411,249.

By the above comparison it will be readily seen that the earning capacity of the banks is still being reduced; dividends are necessarily at lower rates, and the time required to mature shares consequently lengthened. Notwithstanding the changed conditions, we believe the many advantages offered by a co-operative bank, when properly and conservatively conducted, for persons to procure homes, will be so apparent as to prevent any liability of failure in the system of co-operative banking, carefully guarded, as it is in this Commonwealth, by statutory provisions.

The average rate of interest on real estate loans now pending is 5.902 + per cent., and that on share loans is 5.770 +.

REAL ESTATE HELD UNDER FORECLOSURE OF MORTGAGES.

This item shows a relatively smaller increase than was the case for the year ending Oct. 31, 1898, and we can but hope that, with the prevailing thrift in the community, there may soon arise a demand for homes which will enable the banks to gradually dispose of their holdings to advantage.

The transactions during the year in estates are shown in the following statement:—

Balance as shown in statement of Oct. 31, 1898, 360 estates,	\$782,370	42
Acquired during the year, 230 estates,	436,960	93
Expenses incurred during the year,	54,430	88
Balances paid to mortgagors,	2,239	41
Gains on estates sold during the year,	4,613	62
		<hr/>
	\$1,280,615	26
Received for 185 estates disposed of during		
the year,	\$336,844	59
Rents, etc., received,	28,475	08
Losses incurred by sales or charged off to		
cover depreciation,	27,267	14
		<hr/>
		392,586 81
		<hr/>
Balance as shown by books Oct. 31, 1899, 405 estates, . .	\$888,028	45

The above balance differs from the sum shown in the table of assets in consequence of some banks carrying personal accounts growing out of transactions with estates held under foreclosure.

The foregoing statement indicates an increase of 45 estates and of \$108,234.15 in amount, as compared with a similar statement in the preceding report, and the number of banks thus holding estates is increased from 72 to 83.

Of the 405 estates held, 224 of them, standing on the books of the banks at \$469,485.18, are situated in the cities and towns where the banks holding them are located; and the remaining 181 estates, standing at \$421,119.39, are more or less distant from the location of the bank.

The item of mortgages (taken in the common form in part payment of estates sold) shows an increase of \$17,997.28 as compared with the statement of a year ago; and the aggregate amount, as shown on the books of the banks, of mortgages and real estate held, is now \$1,015,574.84, or about 3.79 per cent. of the total assets of the institutions.

SALES OF REAL ESTATE.

The attention of this Board has recently been called to the provisions of section 19, chapter 117, Public Statutes, as amended by section 2 of chapter 247, Acts of 1898, which reads as follows:—

“ Any such corporation may purchase at any sale, public or private, any real estate upon which it may have a mortgage, judgment, lien or other incumbrance, or in which it may have an interest, and may sell, convey or lease the real estate so purchased, and, on the sale thereof, may take a mortgage in common form thereon to secure the payment of the whole or part of the purchase money. All real estate so acquired shall be sold within five years from the acquisition of the title thereto: *provided, however*, that the board of commissioners of savings banks may, upon the petition of the security committee of any such corporation and for good cause shown, grant an additional time for the sale of the same.”

It is claimed, and we think with some good reason, that banks cannot take a mortgage in common form on property acquired otherwise than as stated in the act quoted; and we recommend that the law be amended so as to authorize a bank to sell any real estate held by it on the same terms as is now given it in case of property acquired as stated in the act referred to.

BANKS WITH BRANCH OFFICES.

It has recently come to the notice of this Board that in a few instances banks have put out signs in places other than their regular office, and in other cases have advertised as having offices at other points; and there appears to be at present no provision of statute to prevent this. In the opinion of this Board, however, such action is not in accord with the theory upon which the system was founded; and we recommend that it be provided by statute, as it is now in the case of savings banks, that every such bank shall carry on its usual business at its usual office only.

WITHDRAWAL PROFITS AND FINES.

These questions are being continually discussed by the officials of the banks and others, and we think there is a growing belief that many of the banks are charging too high a rate for fines, and reserving too large a portion of the profits credited to shares when the same are voluntarily withdrawn. We believe legislation upon these points could be devised which would be for the benefit of shareholders, without special detriment to the banks themselves.

COLLATERAL LOAN COMPANIES.

The companies transacting business of this character are three in number, viz. : —

The Collateral Loan Company of Boston,
The Workingmen's Loan Association of Boston, and
The Worcester Collateral Loan Association of Worcester.

All the companies have been examined by an expert accountant, appointed by this Board, and their annual returns are in each case attested to by the State director of the company.

Collateral Loan Company of Boston: the loans of this company outstanding October 31 last were \$437,831.50, as against \$411,351.29 on Oct. 31, 1898. During the year the company has reduced its rate of interest on loans from $1\frac{1}{2}$ per cent. to $1\frac{1}{4}$ per cent. a month.

Workingmen's Loan Association: the outstanding loans of this company on October 31 last were \$3,968.32 less than the amount the year previous, and the company owed \$6,000 less on notes payable Oct. 31, 1899, than it did on Oct. 31, 1898.

The Worcester Collateral Loan Association has during the year increased its capital from \$30,000 to \$45,000, and its loans from \$37,530.72 to \$44,776.91, and has paid all its outstanding notes. It has recently opened a pledge department, and is now loaning on pledges of watches, jewelry, etc., in addition to its former business of loaning only on chattel mortgages.

MORTGAGE LOAN COMPANIES.

THE NATIONAL MORTGAGE AND DEBENTURE COMPANY.

This company is virtually in liquidation, and there has been but little change in its affairs during the year.

GLOBE INVESTMENT COMPANY.

During the year an important decision has been made by the court; this is, that loans collected by the company, and not paid over to the owners thereof, are entitled to priority in the distribution of the assets. There are over 1,100 of these claims, and these must be presented to the receiver for proof of claim before February 15 instant. The dividend on these claims must necessarily be quite small.

When the receiver can finally close his trust it is impossible at present to predict.

FOREIGN COMPANIES.

Of the three companies heretofore doing business in this Commonwealth under license of this Board, we have to report as follows : —

MINNESOTA SAVING FUND AND INVESTMENT COMPANY.

This company, having considerable real estate in its possession which it is unable to sell at fair prices, has been for some time unable to accumulate the large amount required to meet the demands of withdrawing members, and action is now being taken to secure a distribution among the shareholders, resident in this Commonwealth, of the deposit with the Treasurer and Receiver-General.

Attempts have recently been made to induce shareholders to appoint certain parties as attorneys to collect their claims against this fund; such action is, however, uncalled for, and would involve unnecessary expense, inasmuch as at the proper time, and that very soon, they can themselves collect what is due them by submitting their claims to the duly authorized person appointed by the court.

After shareholders resident in this Commonwealth have received their proportion of this fund, they will still have a claim on the other assets of the company, in common with the other shareholders, but it will probably be a considerable time before the company will realize an amount sufficient to pay all withdrawals in full; in fact, acting upon the recommendation of the public examiner of Minnesota, it is proposed that not more than 75 per cent. of the original deposit shall be paid to any withdrawing member until all stock filed has received that proportion, after which a final settlement will be made; this will be dependent upon the result of sales of the real estate now held by the company.

SECURITY SAVINGS AND LOAN ASSOCIATION OF MINNEAPOLIS.

The receiver of this company, Hon. Robert D. Russell, informs us that all who have filed claims against the company have been paid a dividend of $21\frac{1}{4}$ per cent. thereon; he expects to pay another dividend early this year, but how much and when he is not able at present to say.

The receiver hopes to make a final settlement during this or early in the coming year.

AMERICAN BUILDING, LOAN AND INVESTMENT SOCIETY OF
CHICAGO.

The former receiver of this company, W. K. Sullivan, Esq., died early last year, and Henry W. Brant was appointed his successor in April last.

The receiver reports that three dividends have been paid to stockholders, say two of 10 per cent. each and one of 4 per cent., the last in December, 1898.

It is difficult to say what future dividends will be paid, as it depends entirely upon the ability of the receiver to sell the real estate belonging to the company at a fair price. Pending litigation will probably prevent the receivership being closed within the next two years at least.

(P. S., Chapter 117, Sections 1, 2, 3, 4.)

[As amended by Acts of 1890, Chapter 243, and Acts of 1883, Chapter 98.]

SECTION 1. Twenty-five or more persons who associate themselves together by an agreement in writing with the intention of forming a corporation for the purpose of accumulating the savings of its members paid into such corporation in fixed periodical instalments and lending to its members the funds so accumulated shall, by and with the consent of the board of commissioners of savings banks, become a corporation upon complying with the provisions of the three following sections.

Corporations for accumulation of savings of members and lending funds to members.

SECT. 2. The agreement shall set forth the fact that the subscribers thereto associated themselves with the intention of forming a corporation; the name by which the corporation shall be known; the purpose for which it is formed; the town or city, which shall be within this Commonwealth, in which it is located; and the limit of capital to be accumulated.

Agreement, what to set forth.

SECT. 3. The name shall be one not previously in use by any existing corporation established under the laws of this Commonwealth, and shall be changed only by act of the General Court. The words "co-operative bank" shall form a part of the name.

Name.

SECT. 4. The provisions of sections eighteen, twenty, and twenty-one of chapter one hundred and six shall

Corporation, how organized.

apply to such corporations, except that, in the certificate signed by the secretary of the Commonwealth, the limit of capital to be accumulated, as fixed in the agreement of association, shall be inserted, instead of the amount of the capital, that the certificate required by said section twenty-one to be filed and recorded may be signed and sworn to by the presiding and financial officers, and a majority at least of the officers possessing the powers of directors by whatever name they may be called, and that the fees to be paid for filing and recording the certificates required by said section twenty-one, including the issuing of the certificate of organization, shall be five dollars.

CAPITAL.

(P. S., Chapter 117, Section 5.)

Limit of capital.

SECT. 5. The capital to be accumulated shall not exceed one million dollars, and shall be divided into shares of the ultimate value of two hundred dollars each. The shares may be issued in quarterly, half-yearly, or yearly series, in such amounts and at such times as the members may determine. No person shall hold more than twenty-five shares in the capital of any one such corporation. No shares of a prior series shall be issued after the issue of a new series.

Plans of issuing stock, etc.

(Acts of 1887, Chapter 216, Section 1.)

Limitation of capital.

The limitation of capital to be accumulated in any co-operative bank now organized or hereafter formed under the provisions of chapter one hundred and seventeen of the Public Statutes shall be held to apply to capital actually paid in, and no such bank shall be restrained from issuing shares so long as the capital actually paid in on shares is not in excess of one million dollars.

OFFICERS.

(P. S., Chapter 117, Section 6.)

By-laws. Officers to hold office until successors are elected.

SECT. 6. The number, title, duties and compensation of the officers of the corporation, their terms of office, the

time of their election, as well as the qualifications of electors, and time of each periodical meeting of the officers and members, shall be determined by the by-laws; but no member shall be entitled to more than one vote at any election. All officers shall continue in office until their successors are duly elected, and no corporation shall expire from neglect on its part to elect officers at the time prescribed by the by-laws.

(Acts of 1885, Chapter 121, Section 1.)

In any co-operative bank now or hereafter formed under the provisions of chapter one hundred and seventeen of the Public Statutes, the offices of secretary and treasurer may be held by one and the same person.

One person may be both secretary and treasurer.

MEETINGS.

(P. S., Chapter 117, Section 7.)

SECT. 7. The officers shall hold stated monthly meetings. At or before each of these meetings every member shall pay to the corporation, as a contribution to its capital, one dollar as dues upon each share held by him until the share reaches the ultimate value of two hundred dollars, or is withdrawn, cancelled, or forfeited. Payment of dues on each series shall commence from its issue.

Monthly meetings. Dues.

WITHDRAWALS.

(Acts of 1887, Chapter 216, Sections 2, 3.)

SECT. 2. A member may withdraw his unpledged shares at any time by giving thirty days' notice of his intention so to do, written in a book held and provided by the corporation for that purpose. Upon such withdrawal the shareholder's account shall be settled as follows:—From the amount then standing to the credit of the shares to be withdrawn there shall be deducted all fines, a proportionate part of any unadjusted loss, together with such proportion of the profits previously credited to the shares as the by-laws may provide, and such shareholders shall be paid the balance: *provided*,

Withdrawal of shares.

that at no time shall more than one-half of the funds in the treasury be applicable to the demands of withdrawing members without the consent of the directors. The directors may, at their discretion, under rules made by them, retire the unpledged shares of any series at any time after four years from the date of their issue, by enforcing the withdrawal of the same; but whenever there shall remain in any series, at the expiration of five years after the date of its issue, an excess above one hundred unpledged shares, then it shall be the duty of the directors to retire annually twenty-five per centum of such excess existing at said expiration of five years after the date of its issue, so that not more than one hundred unpledged shares shall remain in such series at the expiration of nine years from the date of its issue, and thereafter the directors may in their discretion retire such other unpledged shares as they consider the best interests of the bank to require: *provided*, that whenever under the provisions of this section the withdrawal of shares is to be enforced the shares to be retired shall be determined by lot, and the holders thereof shall be paid the full value of their shares, less all fines and a proportionate part of any unadjusted loss; *provided also*, that shares pledged for share loans shall be treated as unpledged shares.

SHARES IN NAME OF MINORS.

Shares issued in the name of a minor.

SECT. 3. Shares may be issued in the name of a minor, and if so issued may, at the discretion of the directors, be withdrawn, in manner as provided in section two of this act [chap. 216, Acts of 1887], by such minor, the parent or guardian of such minor, and in either case payments made on such withdrawals of shares shall be valid. When a share or shares are held by any one in trust for another, the name and residence of the person for whom such share or shares are held shall be disclosed; and the account shall be kept in the name of such holder as trustee for such person; and, if no other notice of the existence and terms of such trust has been given in writ-

ing to the corporation, in the event of the death of the trustee, such shares may be withdrawn by the person for whom such deposit was made or by his legal representatives.

MATURITY OF SHARES.

(P. S., Chapter 117, Section 9.)

[As amended by Acts of 1882, Chapter 251, Acts of 1887, Chapter 216, Section 5, and Acts of 1898, Chapter 247, Section 3.]

SECT. 9. When each unpledged share of a given series reaches the value of two hundred dollars all payments of dues thereon shall cease, and the holder thereof shall be paid out of the funds of the corporation two hundred dollars: *provided*, that at no time shall more than one half of the funds in the treasury be applicable to the payment of such matured shares without the consent of the directors; and *provided, further*, that when any series of shares, either pledged or unpledged, reaches maturity between the dates of adjustment of profits, or whenever shares are retired between such dates, the holders of such shares shall, in addition to the value thereof, be entitled to interest for all full months from the date of the preceding adjustment to the time of payment, at the rate at which profits were distributed at said adjustment, and that before paying matured shares all arrears and fines shall be deducted.

Shares, when matured.

HOW MONEYS MAY BE LENT OR INVESTED.

(P. S., Chapter 117, Section 10.)

[As amended by Acts of 1890, Chapter 78, and Acts of 1896, Chapter 277.]

SECT. 10. The moneys accumulated, after due allowance for all necessary expenses and the cancellation of shares, shall at each stated monthly meeting be offered to the members according to the premiums bid by them for priority of right to a loan. Each member whose bid is accepted shall be entitled upon giving proper security to receive a loan of two hundred dollars for each unpledged share held by him, or such fractional part of two hundred dollars as the by-laws may allow. If any money

Moneys to be lent by monthly sales; how invested, if unsold.

so offered for sale remains unsold the directors may invest the same in any of the securities named in the second clause of section twenty-one of chapter three hundred and seventeen of the acts of the year eighteen hundred and ninety-four, or may loan the same upon first mortgages of real estate situated in this Commonwealth, upon the conditions imposed upon co-operative banks, or may loan the same upon the shares of the bank in sums not exceeding their value at the adjustment next preceding the time of the loan, provided that the loans in either case shall be at the highest rate at the next preceding monthly sale of moneys, and further provided that in either case a note shall be given as required by section thirteen of chapter one hundred and seventeen of the Public Statutes.

PREMIUMS ON LOANS.

(P. S., Chapter 117, Section 11.)

Premiums.

SECT. 11. Premiums for loans shall consist of a percentage charged on the amount lent in addition to interest, and shall be deemed to be a consideration paid by the borrower for the present use and possession of the future or ultimate value of his shares, and shall, together with interest and fines, be received by the corporation as a profit on the capital invested in the loan, and shall be distributed to the various shares and series of said capital as hereinafter provided.

INTEREST ON LOANS.

(P. S., Chapter 117, Section 12.)

Interest.

SECT. 12. A borrowing member, for each share borrowed upon, shall, in addition to his dues and monthly premium, pay monthly interest on his loan at the rate of six per cent. per annum until his shares reach the ultimate value of two hundred dollars each, or the loan has been repaid; and when said ultimate value is reached, said shares and loan shall be declared cancelled and satisfied, and the balance, if any, due upon the shares shall be paid to the member.

(Acts of 1882, Chapter 251, Section 2.)

Any corporation organized under said chapter one hundred and seventeen may provide in its by-laws that the bid for loans at its stated monthly meeting shall, instead of a premium, be a rate of annual interest upon the sum desired, payable in monthly instalments. Such bids shall include the whole interest to be paid, and may be at any rate not less than five per centum per annum.

Bids for loans may be at a rate of interest instead of premium.

LOANS.

(P. S., Chapter 117, Section 13.)

[As amended by Acts of 1894, Chapter 342.]

SECT. 13. For every loan made a note shall be given, accompanied by a transfer and pledge of the shares of the borrower, and secured by a mortgage of real estate situated in this Commonwealth, unencumbered by any mortgage or lien other than such as may be held by the bank making the loan. The shares so pledged shall be held by the corporation as collateral security for the performance of the conditions of said note and mortgage. Said note and mortgage shall recite the number of shares pledged and the amount of money advanced thereon, and shall be conditioned for the payment at the stated meetings of the corporation of the monthly dues on said shares, and the interest and premium upon the loan, together with all fines on payments in arrears, until said shares reach the ultimate value of two hundred dollars each, or said loan is otherwise cancelled and discharged: *provided*, that the shares without other security may in the discretion of the directors be pledged as security for loans, to an amount not exceeding their value as adjusted at the last adjustment and valuation of shares before the time of the loan.

Security.

If the borrower neglects to offer security satisfactory to the directors within the time prescribed by the by-laws, his right to the loan shall be forfeited, and he shall be charged with one month's interest and one month's premium at the rate bid by him, together with all expenses,

Neglect to offer satisfactory security to forfeit right to loan, etc.

if any, incurred ; and the money appropriated for such loan may be re-loaned at the next or any subsequent meeting.

PAYMENT OF LOANS.

(P. S., Chapter 117, Section 14.)

Payment.

SECT. 14. A borrower may repay a loan at any time, upon application to the corporation, whereupon, on settlement of his account, he shall be charged with the full amount of the original loan, together with all monthly instalments of interest, premium, and fines in arrears, and shall be given credit for the withdrawing value of his shares pledged and transferred as security ; and the balance shall be received by the corporation in full satisfaction and discharge of said loan: *provided*, that all settlements made at periods intervening between stated meetings of the directors shall be made as of the date of the stated meetings next succeeding such settlement ; and *provided*, that a borrower desiring to retain his shares and membership may at his option repay his loan without claiming credit for said shares, whereupon said shares shall be re-transferred to him, and shall be free from any claim by reason of said cancelled loan.

(Acts of 1887, Chapter 216, Section 4.)

Partial payment of loans on real estate.

Partial payment of loans on real estate made by any co-operative bank may be received in sums of fifty dollars or any multiple thereof ; and for each two hundred dollars so repaid one share of stock shall be released from pledge.

(Acts of 1894, Chapter 342, Section 2.)

Purchase of money at lower rates ; not to affect existing mortgage contracts.

When a member of a co-operative bank purchases money at a lower rate than that paid by him on an existing loan, secured by a mortgage, for the purpose by him declared of reducing the premium or rate of interest upon said loan, no new mortgage shall be required, but an agreement in writing for the reduction of said premium or rate of interest, signed by said borrowing member and the secretary of the bank, with the written approval of the

president, shall be valid, and shall in no respect impair or affect the existing mortgage contract; and thereafter said borrowing member shall make the monthly payments on said loan in accordance with the terms of said agreement, and the sum of money previously so purchased by him may be resold by the bank at the same meeting. The borrower shall be required to give notice to the secretary before the sale, if he intends to re-buy his money. Nothing in this section shall be construed to exempt the re-borrower from paying the interest and premium for the current month on the loan made by him for the substitution of which the new loan is made.

FINES, FORFEITURE OF SHARES, ETC.

(P. S., Chapter 117, Sections 15, 16.)

[As amended by Acts of 1882, Chapter 251, Acts of 1885, Chapter 121, Section 4, and Acts of 1896, Chapter 285.]

SECT. 15. Members who make default in the payment of their monthly dues, interest and premiums, shall be charged a fine not exceeding two per cent. a month on each dollar in arrears. No fines shall be charged after the expiration of six months from the first lapse in any such payment, nor upon a fine in arrears. The shares of a member who continues in arrears more than six months shall, at the option of the directors, if the member fails to pay the arrears within thirty days after notice, be declared forfeited, and the withdrawing value of the shares at the time of forfeiture shall be ascertained, and, after deducting all fines and other legal charges, the balance remaining shall be transferred to an account to be designated the "Forfeited Share Account," to the credit of the defaulting member. Said member, if not a borrower, shall be entitled, upon thirty days' notice, to receive the balance so transferred without interest from the time of the transfer, in the order of his turn, out of the funds appropriated to the payment of withdrawals. All shares so forfeited or transferred shall cease to participate in any profits of the corporation accruing after the

last adjustment and valuation of shares before said forfeiture.

Recovery of
loan.

SECT. 16. If a borrowing member is in arrears for dues, interest, premium or fines for more than six months, the directors may, at their discretion, declare the shares forfeited, after one month's notice, if the arrears continue unpaid. The account of such borrowing member shall then be debited with the arrears of interest, premium and fines to date of forfeiture, and the shares shall be credited upon the loan at their withdrawing value. The balance of the account may, and after six months shall, be enforced against the security, and be recovered as secured debts are recovered at law.

(Acts of 1895, Chapter 172, Section 1.)

Fines.

No member of a co-operative bank whose shares are withdrawn, forfeited or retired, shall be charged with fines upon such shares in excess of the profits distributed thereto, and if no profits shall have been distributed to such shares no fines shall be charged thereon. Nothing herein contained shall prevent a borrowing member being charged with fines according to existing statutes upon interest and premiums in arrears.

All moneys so received shall be originally entered by the proper officer in a book to be called the

“cash-book,” to be provided by the corporation for the purpose, and the entries therein shall be so made as to show the name of the payer, the number of shares, the number or designation of the series or issues of the particular share or shares so entered, together with the amount of dues, interest, premiums and fines paid thereon, as the case may be. Each payment shall be classified and entered into a column devoted to its kind. Said cash-book shall be closed after the termination of each stated meeting, and shall be an exhibit of the receipts of all moneys paid at said meeting. All payments made by the corporation for any purpose whatsoever shall be by order, check or draft upon the treasurer, signed by the president and secretary, and endorsed by the persons in whose favor the same are drawn. The name of the payee, the amount paid, and the purpose, object or thing for which the payment is made, together with its date, shall be entered on the margin of said order, check or draft. The treasurer shall dispose of and secure the safe keeping of all moneys, securities, and property of the corporation, in the manner designated by the by-laws, and the treasurer and secretary shall give such security for the faithful performance of their respective duties as the by-laws may direct.

PROFITS AND LOSSES.

(P. S., Chapter 117, Section 18.)

SECT. 18. The profits and losses may be distributed annually, semi-annually or quarterly to the shares then existing, but shall be distributed at least once in each year, and whenever a new series of shares is to be issued. Profits and losses shall be distributed to the various shares existing at the times of such distribution, in proportion to their value at that time, and shall be computed upon the basis of a single share fully paid to the date of distribution. Losses shall be apportioned immediately after their occurrence.

profits and
losses.

(Acts of 1885, Chapter 121, Section 2.)

Guaranty fund
to be reserved
from profits.

At each periodical distribution of profits the directors shall reserve as a guaranty fund a sum not less than one nor more than five per cent. of the net profits accruing since the next preceding adjustment, until such fund amounts to five per cent. of the dues capital, which fund shall thereafter be maintained and held; and said fund shall be at all times available to meet losses in the business of the corporation from depreciation of its securities or otherwise.

Corporation
may buy and
sell real estate.

SECT. 19. Any such corporation may purchase at any sale, public or private, any real estate upon which it may have a mortgage, judgment, lien or other incumbrance, or in which it may have an interest, and may sell, convey or lease the real estate so purchased, and, on the sale thereof, may take a mortgage in common form thereon to secure the payment of the whole or part of the purchase money. All real estate so acquired shall be sold within five years from the acquisition of the title thereto: *provided, however*, that the board of commissioners of savings banks, may, upon the petition of the security committee of any such corporation and for good cause shown, grant an additional time for the sale of the same.

and statements respecting such associations, and in such forms as they deem that the public interest requires. Every officer of such corporation shall answer truly all inquiries made, and shall make all returns required by the commissioners.

ANNUAL RETURNS.

(Acts of 1889, Chapter 159, Section 2.)

[As amended by Acts of 1895, Chapter 171.]

Every co-operative bank shall annually within thirty days after the last business day of October make a return to the commissioners of savings banks in such form as may be prescribed by them, showing accurately the condition thereof at close of business on said day, which return shall be signed and sworn to by the secretary and treasurer of such corporation. The president and five or more of the directors shall certify and make oath that the report is correct according to their best knowledge and belief. Such returns shall include all sums received and all sums disbursed up to the close of business on said day, except that sums received for dues, interest, premiums and fines on account of the next monthly meeting may be omitted. When a report is defective or appears to be erroneous, the board shall notify the bank to amend the same within fifteen days. Every co-operative bank neglecting to make the return required by this act on or before the time named therein, or to amend such report within fifteen days, when notified by the board so to do, shall forfeit five dollars for each day's neglect.

Whoever violates a provision of this section shall be punished by fine of not less than one hundred nor more than one thousand dollars.

STATUTES

RELATING TO

MORTGAGE LOAN AND INVESTMENT
COMPANIES.

AN ACT

IN RELATION TO

MORTGAGE LOAN AND INVESTMENT COMPANIES.

(Chapter 387, Acts of 1888.)

SECTION 1. Every corporation now or hereafter established under the laws of this Commonwealth for the special purpose of negotiating or making loans of money secured by deed of trust or mortgage of real estate situated outside of this Commonwealth, may exercise and enjoy all the powers, and shall be governed by the provisions and be subject to the duties, restrictions and liabilities prescribed in this act and any acts which may hereafter be passed in amendment or lieu thereof. All such corporations heretofore chartered shall continue to exercise and enjoy their powers and privileges according to their respective charters, and shall be subject to all the liabilities imposed by the same, except so far as said powers, privileges and liabilities are modified and controlled by the provisions of this act.

SECT. 2. Every such corporation may make loans of money secured by deed of trust or mortgage of real estate situated in any state, other than this Commonwealth, or territory of the United States to an amount not exceeding fifty per cent. of the appraised value of said property; but no loan shall be made on any property subject to a prior mortgage, encumbrance or lien. Every such corporation may also hold, sell and assign the bonds, notes, mortgages and securities taken for such loans; may guarantee the payment of the interest and principal of any bonds, notes or other evidences of debt secured as aforesaid, and may guarantee the title to the property securing such evidences of debt for the time such debt remains unpaid: *provided*, that nothing contained in this act shall

be construed as authorizing such corporations to engage in the business of title insurance.

SECT. 3. Every such corporation may purchase, hold, guarantee, sell and assign notes or bonds, and the mortgages or deeds of trust securing the same, or other papers securing any loan made by any individual, firm, corporation or association, provided such loan shall have been made in accordance with the conditions under which such corporations can make loans, as prescribed in section two of this act.

SECT. 4. Every such corporation may receive money from any individual, firm, corporation or association, for investment in the securities which such corporations are by this act authorized to sell or issue, and may allow interest on such money from the time of its receipt to the time of its investment as aforesaid, at such rate as may be agreed upon; may receive, care for, manage and sell stocks, bonds and evidences of debt, the avails of which are intended for investment as aforesaid. No such corporation shall receive money on deposit, except as hereinbefore provided, or engage in any form of banking or trust business other than as permitted by the terms of this act.

SECT. 5. Every such corporation may act as agent for the purpose of foreclosing mortgages and collecting claims arising by reason of any evidence of debt deposited with it under the provisions of section four of this act; may purchase real estate at any public auction sale thereof made by virtue of the power contained in any deed of trust or mortgage owned, held or guaranteed by it, or at a private sale thereof made for the purpose of cancelling the debt secured by any such deed of trust or mortgage; may hold, sell, transfer and convey said property: *provided*, all real estate purchased or acquired under the provisions of this section shall be sold within five years after such purchase or acquisition.

SECT. 6. Every such corporation may issue debentures or bonds, to secure the payment of which, such cor-

poration shall from time to time assign, transfer and set over to trustees, none of whom shall be officers of the corporation, or to a trust company established under the laws of this Commonwealth, deeds of trust or mortgages of real estate on which loans have been made in accordance with the provisions of this act, to be held by such trustees or company in trust for the benefit of the holders of said debentures or bonds, whereupon such trustees or company shall indorse their or its certificate of such fact upon debentures or bonds not exceeding in amount the face value of securities so transferred to them or it.

SECT. 7. The total amount of mortgages guaranteed and of debentures or bonds issued by any such corporation shall at no time be in excess of ten times the amount of its capital stock actually paid in and its surplus.

SECT. 8. All bonds, notes and other evidences of debt taken by such corporation for money loaned shall be payable to such corporation at its principal place of business within this Commonwealth, and shall pass by delivery, by transfer on the books of such corporation at its principal place of business within this Commonwealth, or by certificate of its transfer agent at such other place as it may appoint. No transfer except on the books of the corporation or by certificate of its transfer agent, shall be valid unless the last transfer shall have been to bearer. A complete record of such transfer by said transfer agents shall be forwarded to and kept at the principal place of business of such corporation within this Commonwealth.

SECT. 9. Every such corporation may hold real estate within this Commonwealth suitable for the transaction of its business, to an amount not exceeding twenty-five per cent. of its capital actually paid in.

SECT. 10. No such corporation shall be the purchaser or holder of any of the shares of its own capital stock, unless such purchase shall be necessary to prevent loss upon a debt previously contracted in good faith; and stock

so purchased shall, within six months from the time of its purchase, be sold or disposed of at public or private sale.

SECT. 11. The shareholders of every such corporation shall be held individually liable in the same manner and to the same extent, and not otherwise, as stockholders of manufacturing corporations are or may be held liable under the laws of this Commonwealth. The provisions contained in sections sixty-two to seventy-one inclusive of chapter one hundred and six of the Public Statutes shall apply to and regulate the enforcement of this liability.

SECT. 12. Every such corporation shall set apart as a guaranty fund a sum not less than five per cent. of its paid in capital, and shall thereafter annually add thereto a sum not less than ten per cent. of its net earnings, until such fund, with the accumulated interest thereon, shall be equal to not less than twenty-five per cent. of its paid in capital. Said fund shall be invested in United States bonds; English consols; first mortgage bonds of any railroad corporation which has paid a dividend on its stock for at least three years next preceding the date of said investment; in the legally authorized bonds for municipal purposes of any city of the United States of not less than thirty thousand inhabitants whose whole indebtedness shall not exceed five per cent. of its last assessed valuation; or in any securities in which savings banks of this Commonwealth are allowed to invest.

SECT. 13. The books of every such corporation shall at all reasonable times be open for inspection to the stockholders and to all holders of bonds and debentures issued by such corporation, or of notes and other evidences of debt guaranteed by such corporation.

SECT. 14. The commissioners of savings banks shall have access to the vaults, books and papers of every such corporation; and it shall be their duty to inspect, examine and inquire into its affairs and take proceedings in regard to them at such times as they shall deem necessary,

in the same manner and to the same extent as if such corporation was a savings bank, subject to all the laws which are now or hereafter may be in force relating to such institutions in this regard: *provided, however*, said commissioners may cause any examination to be made by an expert under their direction but at the expense of the corporation. Every such corporation shall annually, within ten days after the last business day of October, make a return to said commissioners, which return shall be in the form of a trial balance of its books, and shall specify the different kinds of its liabilities and the different kinds of its assets, stating the amount of each kind in accordance with a blank form to be furnished by said commissioners, and such annual returns shall be published in a newspaper of the city or town where such corporation is located, at the expense of such corporation, at such times and in such manner as may be directed by said commissioners. Said commissioners shall annually make report to the general court of such facts and statements respecting such corporations, and in such forms as they deem that the public interest requires.
